

IG App Competition Entry for Men

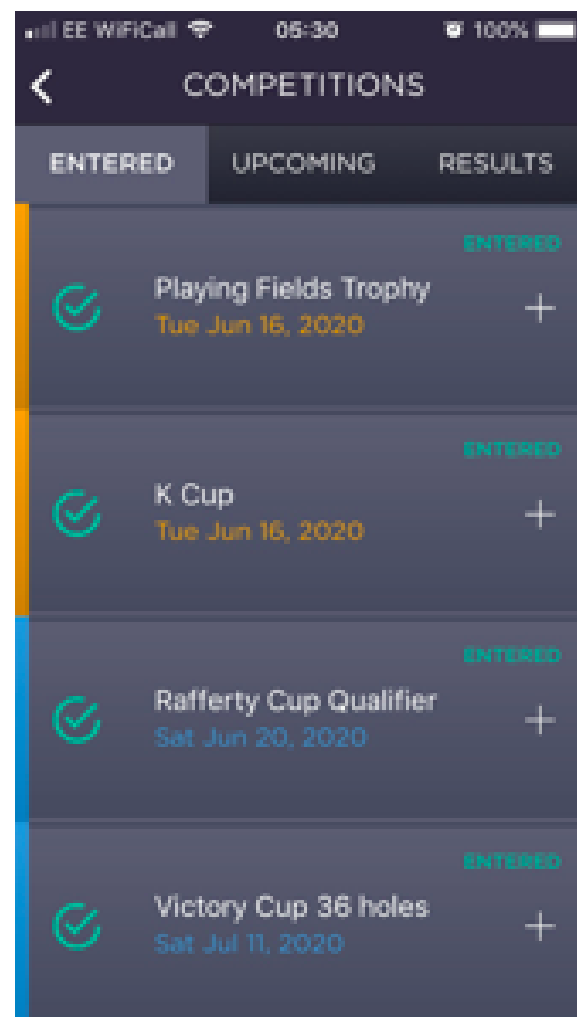

- 1.If entering a competition on the day, currently the IG Member App does not let you enter the optional sweep or two's although this is permitted if entering through the website.
- 2.The below screenshots are taken on an iPhone, but this task can be performed on other smart phones and tablets.
- 3.The version of IG Member App is 1.9.3, which is the current version as at 15/6/20. The version on your device can be seen by scrolling to the bottom of the application settings, and should be kept up to date.
