## IG App Score Entry for Men

1. Open IG Member App on phone or tablet and tap on "Competitions" which goes to "ENTERED" tab.

2. Tap on competition you wish to enter a score for (Test Medal in the example). Scroll down to see more competitions.

3. Tap on "Begin Scoring".

4. Tap on "Confirm & Start Scoring". Please note that there is an option to adjust one's handicap downwards if one knows of an outstanding card that has not been processed yet, but this will be a rare occurrence. In addition there is an option to record statistics if one wants to.

5. First hole comes up and the gross score should be entered for both medals and stablefords as the system calculates the points. Default is par, which is adjusted by tapping + and - . Navigate between holes using hole number arrows.

6. When have completed the 18th hole score entry tap "Finish", which takes you to the "Finalise Card" screen. Please note that tapping "Finish" does not submit the card and you can still change it as described in the next screenshots.

7. Please ensure you have checked your score prior to tapping on "Finalise Card" which submits the score to the competition results and means it cannot be changed by you. To check and agree to the physical card you have marked and kept, we recommend that you tap on "Card" option at the bottom to view the card in a convenient way.

8. The Card view we recommend should be checked before "Finalising Card". Tap on a score to go back to the scorecard to change. Tap on "Score" at the bottom of the screen to go back to the "Finalise Card" screen.

9. Tap on "Finalise Card" once score entry checked.

10. Confirmation that card has been finalised and submitted to competition results. Tap OK to clear message.

11. Score entry is now complete and you can view finalised scorecard by tapping on "Show Your Finalised Scorecard".

12. Please note that the scorecard cannot be edited. The Leaderboard can be viewed at anytime, but will not reflect rounds in progress in handicap competitions in a meaningful way.
